SPLIT SHORT

Keep focused on your goal, not your clothes in these customisable team running shorts. A training and raceday essential, they're woven from lightweight recycled polyester with an interior mesh brief. Side slits help prevent the hems from restricting movement, and the Adidas drawcord cinches the waist for a perfect fit. Available in 24 different colors with or without sublimated graphics, the shorts are boldly marked with a heat-transferred Adidas performance logo, with the possibility to add the iconic 3-stripes. Complete the customization with an optional team crest.

CUSTOM BIB 25

A must-have for training and match-day warmups, this adidas bib for football teams is made from lightweight polyester mesh that's stretchy, loose and easy to wear over a jersey. Its sleeveless, box-like design has a round neck hole and is taped along the hem, neckline and armholes to keep it fitting properly. Choose from seven different colours, plain or customised. Optional embellishments include sponsor logo, player number and player initials.

CUSTOM ARTWORK GUIDELINES

ACCEPTED FILE TYPES:

Vectorized AI (Adobe Illustrator) or PDF – Rasterized images will be recreated as close to the original as possible

SUGGESTED FILE SETUP:

- Square Artboard: 10-15cm
Space between edge of artboard and logo (approx 1mm)
- If logo is white please place over grey or black background

VECTOR DESIGN REQUIREMENTS:

- All text must be converted to outline
- All lines/strokes must be expanded to a shape
- Convert all gradients to a single colour fill

Note: colours will appear darker than the physical production. Use the “Pantone Match” to accurately visualize final colours. They will be adjusted to the adicolour before submitting to the factory.

If artwork is not colour matched—we will adjust artwork to match colours selected during checkout.

COLOUR MATCHING:

We strongly recommend adjusting logo colours to comply with you colour selection during checkout before uploading to Locker Room. See our colour list for RGB/CMYK values to match.

DESIGN ELEMENTS TO AVOID PER EMBELLISHMENT TYPE:

Each embellishment type has different capabilities that can prevent more detailed artwork from being feasible

EMBROIDERY	HEAT TRANSFER	SUBLIMATION
<ul style="list-style-type: none"> • COMPLEX/TINY DETAILS MAY NOT BE ABLE TO BE PRODUCED • SHARP POINTS MUST BE ROUNDED OUT 	<ul style="list-style-type: none"> • AVOID SHARP CORNERS/POINTS TO PREVENT POTENTIAL PEELING • SMALL LETTERS/ DETAILS MAY REQUIRE A BACKGROUND/FILL TO PRODUCE 	<ul style="list-style-type: none"> • SMALL/SKINNY DESIGNS HAVE POTENTIAL TO BLEED

FACTORY FEASIBILITY: Artwork may need to be adjusted to comply with our factory feasibility requirements. Please adjust any artwork to comply with the below minimum allowances before submitting.
